

Trio CHD

A spirited, adventurous and intimate journey, with an unusual combination of instruments, where lyricism and serenity create a mysterious soundscape.

Rik Cornelissen is seen as an ambassador of his instrument; inspired by jazz, tango and classical music, always searching and open-minded, composing and creating, levitating between styles he shows the versatility of the accordion.

Vibraphonist Vincent Houdijk, chosen as Young VIP 2016 as most promising jazz talent, is known for his enormous sense for melody, harmony and swing. Fueled by an extensive musical background, styles as classical, jazz, minimal music, world music and pop are combined in Vincent's compositions.

Double bass player Maciej Domaradzki started as a classical trumpet player and learned playing the double bass during his studies in Poland, Austria and Holland within the jazz and classical music. In 2014 he won with the Sebastiaan van Bavel Trio an Edison-award, where his playing was compared with the legendary Scott LeFaro.
